			20%		50%		25%		on 5%			Minutes				
1	0511184000008	Anggara Yuda Pratama	17	Hobbies circle is a nice touch, and perhaps add some color to foreground, its kind of flat	50	Nothing wrong on implementation	23	Maybe use one transform only	5	Great website	1	0	Aside from CSS transform quirk, the website is nice	95.00	95.00	A
2	0511184000010	Benny Hansen Lifindra	16	Maybe reduce the background contrast a little bit, its kind of clashing with other element. Almost miss Profile link	48	Looks like a broken link in homepage image	23	Maybe add some space between navbar links, and add some indicator for links, e.g. Bolded text, a button, etc.	5	Good website	1	0	Design can be improved, but nothing wrong from the coding side of things	92.00	92.00	A
3	0511184000011	Bryan Gautama Ngo	20	Nice, and very good use of contrasting colours to make texts and images standout	48	Consider using flexbox for every section of hometown list, so as not to overlap each other	23	Flexbox helps aligning to left/right, so consider to encapsulate listing in flexbox class	5	Still a good website despite minor problem	1	0	Little things aside, very good website	96.00	96.00	A
4	0511184000012	Btari Aliya Tsabitah	20	Very well designed	50	Simple yet elegant, very nice	24	Consider to make entire navbar clickable	5	Very good, no complaints here	1	0	Very well designed, and the implementation doesn't even use bootstrap! A very nice piece of work.	99.00	99.00	A
5	0511184000014	Devi Hainun Pasya	18	Nicely designed, but not consistent between pages	45	Consider merging CSSs if they have same target and/or class definition	22	Better to make navbar consistent between pages. Changing it based on opened page can make it confusing	5	Nice website, despite some shortcomings	1	0	Great website, but it's better to have consistent navbar, reducing scanning the navbar for correct link	90.00	90.00	A
6	0511184000017	Erlinda Argyanti Nugraha	17	Using gradient as a background is a nice touch, but perhaps change the foreground colour so as not to close to the background colour	50	Nothing wrong on implementation	23	Perhaps text could be styled more	5	Nice website	1	0	Aside from small colour issue, very nice website	95.00	95.00	A
7	0511184000019	Ignatius Dwiki Iskandar	20	Nice, simple design, very good.	50	Nothing wrong on implementation	24	Some pictures are too wide, otherwise the website is okay	5	Very good website	1	0	A very good and well designed website. Except for pictures getting too wide, the website is good	99.00	99.00	A
8	0511184000022	Irsyadhani Dwi Shubhi	20	Looks professional, and those fly-in effect is a nice touch	42	Use a more common way to request resource, i.e. /quiz1/profile instead of /index.html/?p=quiz1/profile	25	Website is good already, no comments here	5	Nice website	1	83	Aside from "unique" way of requesting pages, website is great, and the design looks professional	92.00	79.55	AB
9	0511184000025	Khofifah Nurlaela	17	Design is good, some images is too big and not aligned with text	42	Bootstrap .col-* class doesn't need to be declared for every breakpoint, only the lowest one. Some copy/paste errors.	20	Perhaps some indicator to some element can help (e.g. Arrows for slideshow), and maybe add some extra explanation	5	Website is quite good	1	0	Website is quite good, but some element can appear misaligned	84.00	84.00	AB

			20%		50%		evaluation/		on			0.15 *				
10	0511184000027	Marsha Nabilah Wibowo	16	Design is good and simple, perhaps some elements can be styled consistently	42	Bootstrap .col-* class doesn't need to be declared for every breakpoint, only the lowest one. Website is responsive, but it's not consistent between dimensions	22		5	Quite good website	1	0	The website design is good, the implementation is questionable. Too verbose and use too many CSS framework, some have errors	85.00	85.00	AB
11	0511184000028	M. Frediansyah Sinaga	16	Nice design, even though doesn't use bootstrap. Cards is responsive. Consider adding some margin to elements so as not to be closely packed together	45	No attribute named border, and use external js to reduce copy-pasting code	22		5	Nice website	1	0	There is some copy-pasting js code, and the design can be improved	88.00	88.00	A
12	0511184000036	Samuel Christian Yudha Sinambela	20	Looks professional, very nice	50	No problem with the implementation	23		5	Great website, although with a very minor display issue	1	1250	Semifinalist of UI/UX Competition at Sriwijaya University, it's guaranteed for a solid 100 grade. This website is great! Excellent!	98.00	100.00	A
13	0511184000039	Sitti Chofifah	19	Nice design, although a little flat	48	Use external JS file if you need to have same function in multiple pages	25		5	Great website	1	0	Not much comment, except for JS reusability. All in all, nice website	97.00	97.00	A
14	0511184000048	Zahratul Millah	20	Nice design, good use of background image	48	In tourist.html, sidebar gets obstructed by container class	23		5	Good website	1	0	Other than element's positioning, no complaint	96.00	96.00	A
15	0511184000053	Yulia Niza	19	Good use of background image, but it seems the navbar isn't consistent between pages	50	Nothing wrong on implementation	24		5	Nice website	1	0	Profile slideshow cannot be scrolled manually, even if autoscroll is the intended behaviour, some of the text is quite long. As such it's better to add manual scrolling	98.00	98.00	A
16	0511184000058	Rafif Ridho	15	Light blue text with white background	43	Texts get overlapped and overflowed from its parent element	23		5	Technical aside, website is nicely made	1	0	Setting max-height can help prevent overflowing child element, or use bootstrap grid class	86.00	86.00	A
17	0511184000062	Geizka Wahyu Fahriza	17	Kind of flat, and the spacing between line is not consistent	45	Overflowed content, perhaps consider using max-width to make child node responsively fit to parent, and add flexbox for good measure	23		5	Great website, although the design and implementation have its downsides	1	0	Why is there an unscrollable scrollbar?	90.00	90.00	A

18	0511184000076	Yohan Ardiansyah	20	Looks professional, nice	48	Use container class for encapsulating bootstrap class, no need to create separate .js file if it has same functionality.	23	Most of the CSSs are empty, and there's seems a copy-paste mistake in template.css. It's also redundant, most get overwritten by bootstrap.	5	Very nice website	1	0	Design looks good and professional. Some of the code can be simplified, but it's still a good coding nonetheless.	96.00	96.00	A
19	0511184000078	Michael Ricky	20	Design is good and looks professional, simplicity is key indeed	45	Put <style> tag inside <head> or <body>, or use <link> tag.	22	Generally, it's better to style page using CSS. As such please use CSS's text-align: center instead HTML's <center> element	5	Great website	1	0	Style is good, the error is in implementation	92.00	92.00	A
20	0511184000083	Martin William	18	Nice design	47	No need for nested bootstrap container class	23	Kind of responsive, but the layout usually breaks	5	Aside from responsivity, nice website	1	0	Nice website, it is responsive, but the layout sometimes breaks	93.00	93.00	A
21	0511184000102	Emmanuel Maximus Yohanes	20	Dark theme is used very well	50	Nice implementation, separating content, styling, and behaviour	25	No comments on this either, nice job	5	No complaints here	1	0	Very good job and a very nice website	100.00	100.00	A
22	0511184000112	Fara Dinda Mutia Kinanggit	16	Picture size kind of big and can be reduced, perhaps hanging on left side of the text	45	Some typo in CSS, CSS can be combined, unused js in homepage	22	Consider adding some decoration so as not to look so flat	5	Styling issue aside, nice website	1	0	It is kind of flat, but anyway, nice website	88.00	88.00	A
23	0511184000124	Sandra Agnes Oktaviana	20	Very nice design	47	Excessive CSS overriding in HTML is excessive	23	Perhaps move CSS into external sheet to avoid enormous <style> element	5	Great website	1	0	Only a minor issu, otherwise great website	95.00	95.00	A
24	0511184000132	Reihan Nanda Ramadhan	15	Design is good, but the looping video is kind of distracting, especially after some repetitions. Some page have short explanation and instead relying on the video	45	Some of the links redirect back to homepage	22	Add some explanation, and perhaps a longer video but not looped	3	Using ReactJS, but somehow doesn't have much content inside	1	0	Using ReactJS means more power and should have less difficulty to create a website. Instead, the website only have short explanation and a looping video	85.00	85.00	AB
25	0511184000143	Brananda Denta Wira Pranata	15	Text size and spacing can be more consistent, the analog clock is a nice touch	47	Use external js for clock, it is used everywhere	22	Perhaps make sidebar not changing for every page, easier on the eye	5	Nice website	1	0	The analog clock is a nice touch, but element spacing can be improved	89.00	89.00	A
26	0511184000148	Abdul Rozak Baharudin	15	Kind of flat, hover effect is a nice touch	50	nothing wrong with the implementation	23	Perhaps a more varied theme, text is all bold and kind of flat	5	Good website	1	0	Using NodeJS is a plus, style is kind of flat although the code is solid, very nice website	93.00	93.00	A
27	0511184000154	Anggun Wahyuni	20	Clean and professional, very nice	50	Very good, no complaint	25	No way to return to homepage from subpages (profile, hometown, etc.)	5	No comment except very nice job	1	0	Perfectly made, can't find any flaw or mistake, very nice job	100.00	100.00	A
28	0511184000155	Muhamat Samsu Dhuha	16	Nice use of bootstrap's card design, pictures is stretched.	43	Use external CSS if you can, better reusability	22	Consider using max-width/max-height so the pictures don't get stretched.	3	Nice website, although it is kind of simple	1	0	It is simple, atleast make the picture not stretch beyond its proportion	84.00	84.00	AB
